Local Church Gospel Medical Missionary Field School (Training)

This is the 1st Step.

The members of the church must be trained on how to do the work of the gospel.

Every church should be a training school for Christian workers. Its members should be taught how to give Bible readings, how to conduct and teach Sabbath-school classes, how best to help the poor and to care for the sick, how to work for the unconverted. There should be schools of health, cooking schools, and classes in various lines of Christian help work. There should not only be teaching, but actual work under experienced instructors. Let the teachers lead the way in working among the people, and others, uniting with them, will learn from their example. One example is worth more than many precepts. {MH 149.2}

Health Hope and Healing (Community Health Education)

This is the 2nd Step.

Immediately after the training of the members there should be an effort put together to reach the community and educate them on the point of health from a biblical perspective.

Notice an example on how to conduct such a meeting.

Health Hope and Healing (Community Health Education)

1) Have a Health week emphasis where you can meet several nights in one week or one night per week over several weeks addressing a specific disease, it's cause, methods of prevention and cure through using God's laws of health.

Example:

Monday Night- The Silent Killer (High Blood Pressure is known as the Silent Killer because it does not give a lot of symptoms before it manifests itself in heart attacks and strokes. In this meeting our goal is to put the silent killer to SILENCE!!!!!! Come learn how to overcome this lifestyle disease through simple, natural steps that are not expensive. Come join us)

Tuesday Night-Diabetes, Is it really the Sugar? (Many have been told that they must watch their sugar intake, which is true, but is the sugar really the issue or is it something else. Come find out the deeper issue connected to diabetes Type 2. You will be amazed.)

Wednesday Night- Arthritis (A Disease with a Thousand Cures. Come learn the cause and more importantly the solution to various forms of Arthritis in America today)

Health Hope and Healing (Community Health Education)

Consultations:

When conducting such meetings, consultations are an excellent way to **reach the heart** of the individual, for it allows you to come close to them.

“Your success will not depend so much upon your knowledge and accomplishments, as upon **your ability to find your way to the heart**. By being **social** and **coming close to the people**, you may turn the current of their thoughts more readily than by the most able discourse.” Gospel Workers, p. 193

As the person shares their lifestyle habits with the

The Ten Day Daniel Resolve (Equipping)

This is step 3.

This step is the settling into what has been accepted from the Health Hope and Healing Meetings.

We can use lessons from the book of Daniel to help them be **RESOLVED** as Daniel was in [Daniel 1:8](#).

In this effort you want to be deliberate in using the book of Daniel as your guide.

Let's use some practical examples of implementation:

The Ten Day Daniel Resolve (Equipping)

Daniel 1:8 We find **Nutrition** and **Temperance**.

(Here's where cooking classes and or food demos can be done. Also, meticulous education of diet and how it affects the body and the mind can also be introduced.)

Daniel 2:1 & 27,28 & 46-48 We find in vs. 1 a lack of inspiration caused stress, and inspiration from God helped to remove it. Here we learn about **Trust in God**.

Daniel 6:10 Here we learn about the importance of **praying** about our circumstances even if it's a crisis.

The overall idea is to help the individuals to become resolved in following God's program for healing and wholeness and never turning back to the old lifestyle.

Weekly Bible Study (Proclamation-Support Group)

This is Step 4.

Here we begin going into the more direct Gospel teachings. This can be well organized Bible Study Groups in the home. Church Evangelistic Meetings. Revelation Seminars.

Our recommendation is to go into a Daniel and Revelation Seminar as the individuals minds have already been “tickled” with the book of Daniel from our resolve portion. By this stage, you should have well established relationships with many of the attendants. Now you can begin showing the more vital prophetic points from Daniel and Revelation that would call for decisions.

The Pioneer Missionary Class (Integration)

This is Step 5.

After decisions have been made to go all the way with Jesus from the evangelistic effort, now we are going to follow 6T 95.

The test of discipleship is not brought to bear as closely as it should be upon those who present themselves for baptism. It should be understood whether they are simply taking the name of Seventh-day Adventists, or whether they are taking their stand on the Lord's side, to come out from the world and be separate, and touch not the unclean thing. Before baptism there should be a thorough inquiry as to the experience of the candidates. Let this inquiry be made, not in a cold and distant way, but kindly, tenderly, pointing the new converts to the Lamb of God that taketh away the sin of the world. Bring the requirements of the gospel to bear upon the candidates for baptism. {6T 95.2}

The Pioneer Missionary Class (Integration)

In this effort we are helping the individuals understand that being an SDA is more than taking on a name. It's a lifestyle!!! We will go over several of the points made from step 1 all the way through to step 4.

As they have a faithful understanding and commit to follow God's plan for their life, they are ready for baptism.

Once they are baptised and becomes part of God's family, begin from the Cycle of Evangelism all over again with th new converts.
